

## PERMISSION SLIP

---

Dear .....

Can we please do Get Into Rugby this year at school? It looks really fun and I would like to share the fun with my class mates.

It is Rugby but with no contact so we don't have to worry about anyone getting bumps or bruises.

Rugby is my favourite sport because it is fast and exciting. I am very excited to watch all our Aussie superstars in action when they play on the world stage!

Thank you,

.....

## INFORMATION FOR TEACHERS

---

### A YEAR FOR RUGBY

2018 is shaping-up to be a huge year for Australian Rugby. Our Australian men's and women's Sevens had great success at the Commonwealth Games and the Wallabies and Wallaroos have a year full of exciting international fixtures as they look to build on their magnificent efforts over the last few years.

### GET INVOLVED IN GET INTO RUGBY SCHOOLS

Get into Rugby Schools has been developed to offer young Australians the perfect introduction to Rugby Australia. It is aligned with Sporting Schools - a government initiative to offer primary schools access to national sports programs.

The Get into Rugby program is non-contact, interactive and fun; promoting fair play, diversity and inclusion. It includes curriculum aligned lesson plans for activities in the classroom and on the field; as well as accredited professionals to deliver the program in school.

### SPORTING SCHOOLS

Applications for funding is available via the Sporting Schools - [www.sportingschools.gov.au](http://www.sportingschools.gov.au). Keep an eye out for when the funding windows open so you don't miss out. Once you have applied for your grant select Rugby Union and have Get into Rugby professionally delivered to your students in 2018.

To find out more about how Get into Rugby provides your students with their 'first taste of Rugby' in the classroom, on the field and with a fun Touch 7s carnival visit [www.rugby.com.au/getintorugbyschools](http://www.rugby.com.au/getintorugbyschools)
